## Anda app

**The app that allows you to travel on public transport in the Porto Metropolitan Area that adheres to the Andante intermodal system in a simple, fast and comfortable way.**

Available for Android smartphones (version 5.0 or higher) equipped with Near Field Communications (NFC) and Bluetooth technologies.

In iOS, direct validation of an iPhone is not yet possible. However, anyone with this smartphone can use the TOP UP feature, which allows them to top up their pass or charge occasional trips anywhere and at any time.

You can get the Anda app from the following stores:

- [Google Play Store](#)
- [App Store](#)
